

# HOST A DONATION DRIVE

*Collect essential items for neighbors in need*

## WHAT IMPACT DO DONATIONS HAVE?

Your donations allow us to help people in our programs meet their basic needs and survive their experience of homelessness. Items are distributed to people in need through our Resource Center, shelter programs, Mobile Engagement team, and case management programs. With your help, we provide essential items for over 10,000 people each year!

## HOW DO DRIVES WORK?

1. Choose the items you wish to collect.
2. Determine the dates and locations of your drive.
3. Complete the **Donation Drive Inquiry Form** on the Transition Projects website by visiting: [www.tprojects.org/donate/bins/](http://www.tprojects.org/donate/bins/) We'll send you all the details and resources you'll need to get started.
4. Pick up donation drive bins, signs, and bags from Transition Projects' downtown building and begin your drive.
5. When your drive is over, drop all items back off at Transition Projects.

## WHERE DO I DROP OFF DONATIONS?

Donations can be dropped off at our downtown building, located at 665 NW Hoyt St, at any time. Please schedule a drop off time for large donations before visiting. The building is open 24/7 for donations. Ring the buzzer at our Hoyt St. entrance and staff will open the door and help you unload.

## CONTACT + SCHEDULE A DROP OFF

**Before you get started, contact our Volunteer Coordinator to schedule a drop off time, date, and location:**

Emily Coleman, Volunteer Coordinator

Phone: 503-488-7745
